Panels

FSC 100% Tropical

The finishes shown are purely indicative. Suitable for coastal areas.

Materials

- Panels made from tropical wood with FSC 100% certification, with a single coat of oil protection.
- Glass fibre interior tank.
- Structure made of S235 JR steel profiles with a painted finish.
- Grille base made of S235 JR hot-dip galvanized steel (supports up to 1,000 kg).
- AISI304 stainless steel adjustable feet.
- A2 stainless steel hardware.

Installation and maintenance

- Does not need to be anchored to pavement.
- Levelled with adjustable feet.
- The element is supplied assembled and packaged.
- Installation and assembly instructions included.
- Does not require any maintenance, except to preserve the original colour of the wood.

Regulations

- FSC-STD-40-004 (licence no.: FSC COO9370)
- ISO 12944
- UNE 41510
- UNE-EN 335
- UNE-EN 10025
- UNE-EN 12727
- UNE-EN ISO 1461

Weight kg [lb]

- 90 x 90 (180 l) Planter: 110 [242.5]
- 120 x 120 (600 l) Planter: 155 [341.7]

Approximate weight without packaging.
