Bike rack

Oriol Guimerá  
2007

## Product description

### Certificates

### Finishes

Oxiron Black

The finishes shown are purely indicative. With **Standard** protection: corrosion resistant for environments with climate conditions which are typical of urban spaces. For coastal areas with severe climate conditions, check out our **Premium** protection finish.

### Materials

- Element made from cast iron with a painted finish.

### Installation and maintenance

- The element is recessed 15 cm below the pavement, with a Ø16 cm base as part of the same part inserted in holes made in the pavement beforehand, and filled in with epoxy resin, quick-setting cement or similar.
- The element is supplied assembled and packaged.
- Installation and assembly instructions included.
- It does not require any maintenance.

### Regulations

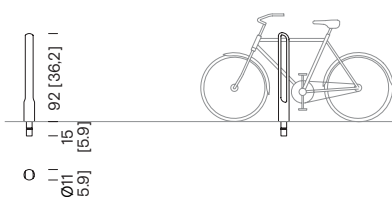

- ASTM A 536
- DIN 1693: GGG 50\_ GG22
- GR 80/55/06
- ISO 12944
- UNE 41510
- UNE-EN 124

### Weight kg [lb]

- Bike rack: 33.7 [74.3]

Approximate weight without packaging.

### Dimensions cm [in]

Bike rack  
SAP11
