Urbidermis

Materials

Welded structure made from hot-dip galvanized S235 JR steel. Seat made from tropical wood slats with 100% FSC Certification, protected with a single coat of oil. Backrest made from tropical wood slats with 100% FSC Certification, protected with a single coat of oil, or from perforated, hot-dip galvanized S235 JR steel. With or without hot-dip galvanized S235 JR steel armrests. A2 stainless steel screws.

Installation and maintenance

Installation using two fixing wall plugs per supporting structure. The element is supplied disassembled, in two components: structure and slats. Installation and assembly instructions, screws, and bolts included. No functional maintenance is required, others than to maintain the original wood finish.
